

Internal SOP — Retail Savings & Current Account Opening

1. Objective & Application

Standard operating procedure for verifying retail customer applications at branch counters and digital channels.

2. Verification Steps

Staff must verify original OVDs against submitted copies, perform In-Person Verification (IPV) or Video KYC (V-CIP), and record customer consent.

3. Risk Scoring & System Entry

Assign initial risk rating (Low/Medium/High) in core banking based on customer profile, occupation, and geographic location.
